Dr. G. F. Blane  
Reckitt & Colman  
Dansom Lane  
Hull, England

Dear Gary,

Enclosed is our application (finally) for support for M-5050 research. I am optimistic that this will gain approval, particularly since my government is showing special interest in the narcotic antagonists.

I have received the note regarding change in shipment route for M-99. I called our BNDD and am assured approval has been sent to the British Home office and to Reckitt and Colman.

I enjoyed meeting Dr. Lewis. You may tell him there have been additional meetings of the PMA Committee on treatment; and NIMH has appointed a select committee to plan research in the antagonists. Its first meeting is October 28.

Thanks again for your cooperation.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
