Dr. Joel Elkes
Henry Phipps Professor of Psychiatry
Director, Department of Psychiatry and
Behavioral Sciences
The Johns Hopkins University School of Medicine
The Johns Hopkins Hospital
Baltimore, Maryland 21205

Dear Joel,

It was with a keen disappointment that I heard from Dr. Cluff that you would not be able to chair the session on Friday at NIAID. We will all miss you, and I especially, since I was looking forward to another discussion as at the APA. In obeying your physician's instructions, I trust you are guaranteeing your participation in another session very soon; and hope we will be able to continue.

Get well soon!

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
