Dear Joe,

It was nice having you visit. I regret that the date that we picked, May 22, turns out to be unsatisfactory for our visit to Rensselaer. I would be grateful if you would call me and we can set another time.

Would you kindly arrange to send me 40 bottles of WIN 20,740, .25 mg (50 tablets per bottle) for the continuation of our antidepressant study.

Many thanks.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
