Dear Dr. Iezzoni:

We have been advised by the Research Committee of our school to submit evidence that an IND has been filed, and I have taken the liberty of sending them a copy of your letter. In addition, the Committee asks that the toxicology data be made available to them. In checking my files, I find that I do not have this information and I would appreciate your sending me a summary of such other information that may be useful to our Research Committee.

Many thanks.

Sincerely yours,

Max Fink, M.D.
