Dear Mrs. Matheson:

The Board of Directors of the Foundation, at their last meeting, requested that an inventory be made of the equipment and other tangible assets which the Foundation has purchased since its inception in the spring of 1962. We have completed an inventory of the equipment purchased either with Foundation funds or with grant funds held by the Foundation. To complete this report, it would be helpful if we could have a list of the books and journals purchased with Foundation funds and which are now held in the library of the Missouri Institute of Psychiatry. Would you provide such a list?

The Board would also like to have an estimate of the cost of these books, and while it is not necessary to detail each item, I would appreciate your estimate of the cost of these items.

Thank you for your help.

Sincerely yours,

Max Fink, M. D.  
Executive Director
