Dr. Edward F. Domino
Department of Pharmacology
University of Michigan
Ann Arbor, Michigan

Dear Ed,

The Chairmen of the Program Committee of the CINP have asked that we submit abstracts of the various papers presented at the CINP symposium for publication with the proceedings.

I have taken the liberty of abstracting the summary of your report and am enclosing a copy for your consideration. I have sent this on to the editors, but will submit a revised version if you wish to correct it and send it to me promptly.

Many thanks for your participation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
