Dr. Albert Kurland
Director of Research
Spring Grove State Hospital
Spring Grove, Maryland

Dear Al:

I am mindful of your invitation to visit you to discuss your EEG programs. There are two occasions in the next few months when I will be in your vicinity, and would be pleased to make that visit.

I plan to attend the Spring Joint Computer Conference, to be held in Washington April 22 and 23. I have been asked by Sol Goldberg to take in a site visit in Philadelphia, and I have suggested that I would do that on April 24th. It would be possible for me to visit with you on Saturday, April 25, if that is a working day; or the afternoon and evening of April 21.

Alternately, Jon has called the next meeting of the Clinical Committee for May 14-15. I could arrange to visit on the afternoon of May 13, or the 16th, as both those dates are now free.

If any of these arrangements are convenient for you, I would be pleased to include them in my program.

My best regards.

Sincerely yours,

Max Fink, M.D.
Director
