Sandoz, Ltd.
Ch-4002 Basle
SWITZERLAND

Dear Jiri:

Linda and Michael join me in thanking you for your many kindnesses during our visit to Basle. Not only was the visit one that gave me professional excitement, for I am very much impressed with your laboratory, but the opportunity to see Basle and a piece of France and Germany as well was most exciting to the children. We consider the visit to the Basle Museum one of the high points of our trip.

If my visit was of any help in orienting the staff at Sandoz to the potentialities of quantitative EEG analysis, then I will consider the trip to have been most successful.

I am enclosing a copy of the announcement of the ACNP meeting in December. I look forward to seeing you at the meeting.

My best regards to Marcia and to your co-workers.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
