Henry Murphree, M.D.  
Department of Psychiatry  
Rutgers Medical School  
Piscataway, New Jersey 08854

Dear Henry,

I have received a note from Helen Pettinati regarding my willingness to act as referee for the departmental consideration of her promotion. I would be delighted to do so. I first read Helen's work a few years ago, and have since come to know her and her co-workers quite well, and admire their professionalism and excellent work. When I took on the position of editor of CONVULSIVE THERAPY, I invited her to join the editorial board; she has since been most helpful. Let me know what I can do.

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry

*Good luck!*
