

June 6, 1968

Mr. Donald Cheetham
Smith Kline and French Laboratories
1500 Spring Garden Street
Philadelphia, Pennsylvania

Dear Don,

As I indicated in my previous letter, one of our associates is interested in undertaking a study of parnate and chlorpromazine in the treatment of anergic schizophrenic patients. Enclosed is a copy of the protocol.

I would be grateful if Smith Kline and French could make available supplies of parnate and parnate placebo for this study. If so, I would appreciate an initial supply of 1000 mg tablets and 500 identical placebo tablets.

(10)
Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
