Dear Wayne,

For three years we have been renting an IBM 1800, assembled at 5 East 102nd Street, under your Invoice No. A287722. This equipment was paid for by a grant award from the National Institutes of Mental Health to the New York Medical College. This award expires March 31, 1971.

In order to continue support, we must apply before June 1, 1970. We wish to purchase the equipment listed on our invoice, now installed at this location on April 1, 1971. Would you please obtain a quotation for purchase on that date?

We will also ask for a quotation of the charges for maintenance of the equipment on an annual basis, effective April 1, 1971, so that we can make the necessary applications.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
