Dear Bill,

Our library of programs is quite extensive, being the product of more than 13 years effort. It is not possible to duplicate the files and the documentation without an extensive effort which does not seem justified by your letter.

If there is a specific problem or program which may be of help, let me know what the question is and the capacity of your machine, its configuration and characteristics, I will be glad to send you what is needed. if we have it.

Good luck.

Sincerely yours,

Max Fink, M.D.
