Dear Dr. Black:

Thank you very much for your kind invitation to participate in the symposium "Drugs and the Brain." I am pleased to participate in this project and will try to provide a general medical summation of the current state of EEG in relation to psychopharmacology.

I believe I can meet your deadline of October 1 and may have the initial draft available earlier.

Good luck!

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
