

March 25, 1964

Professor Jerry Cox
Central Institute for the Deaf
818 South Kingshighway
St. Louis, Missouri

Dear Jerry:

Congratulations on the splendid achievement of convincing your friends in Boston to move to the midwest! I have just read the announcement in the Post Dispatch, and I think this is a magnificent achievement for the University, for Rich and yourself, and for all those students in this metropolitan area who have an interest in neurophysiology.

Again, my congratulations and all good wishes.

Sincerely yours,

Max Fink, M. D.
Director
