Dear Alan,

The citation you requested is:

Fink, M. CONVULSIVE THERAPY: Theory and Practice. Raven Press, New York, 306 pp., 1979. (Unfortunately, the text is now out of print; when and if I get to a re-write, it will be revised and updated, probably in 1987.)

Your other query is unclear, for articles about ECT for practitioners and psychiatrists, but I carried out a small search in my files, and some that came to mind, are listed on the attached review.

The first issue of CONVULSIVE THERAPY is at the printers and should be on your desk by the end of the month. I have sent in most of the articles for the second issue this week.

I look forward to seeing you in June. My regards.

Sincerely yours,

Max Fink, M.D.
