

January 8, 1969

Dear Jonathan,

I am pleased that Dr. Lu may be interested in carrying out concurrent studies of the sex of offspring to schizophrenic mothers. I am enclosing the original article and a preprint of the report submitted to Science. An additional report of the problem of post-partum psychosis and the offspring sex is being typed and will be sent to you shortly.

My best regards.

Sincerely yours,

Max Fink, M.D.
