Mrs. Ellen Grass
Grass Instruments Company
Quincy, Massachusetts

Dear Ellen:

I am sorry that my description was incomplete. The damage is marked on the enclosed chart. We are now using the machine and it is operating quite satisfactorily.

There is still the question of the stimulator and isolation unit. We have not received them to my knowledge, and I would be grateful if I could have these. (I am using a stimulator for some of our work which is not as well built as yours and I am very unhappy about my results.)

Thank you for your cooperation.

Sincerely yours,

Max Fink, M. D.
Director
