Dear Seymour,

Enclosed are two draft copies of the proposal for our ECT conference. I would be grateful if you would edit one and return it as soon as practical.

(1) Please check the text for a summary of our recommendations.

(2) The invitees should also be reviewed and additions and notes to delete are invited.

(3) Please add 3-5 citations to the list for "previous work done".

(4) Any comments on the provisional budget?

My thanks for your guidance and sound advice.

Sincerely yours,

Max Fink, M.D.
