Dr. Alain J. Sanseigne
Parke, Davis & Company
Department of Clinical Investigation
Research Laboratories
2800 Plymouth Road
Ann Arbor, Michigan

Dear Dr. Sanseigne:

I am pleased to submit the copy of a letter recently received from Dr. Frances O. Kelsey indicating that our sponsorship of Sernyl (Ci-395) for clinical investigation has been accepted by the Food and Drug Administration, as IND 2640. In accordance with Dr. Kelsey's request, we have submitted the curriculum vitae of each of the investigators responsible to me as sponsor.

With this information, would it be possible for you to make supplies of Sernyl for clinical investigation in our TRP patients available to us? What information would you like to supplement this request?

I want to thank you once again for your help in permitting us to file our letters with the FDA.

My best regards.

Sincerely yours,

Max Fink, M. D.
Professor of Psychiatry
