Dear Paul:

We would be pleased to have Dr. Giard visit with us, and look forward to having you visit us on the 21st. We will provide him with a place to work, and give him an opportunity to participate in the EEG program. I do not know whether Dr. Itil will be back by that date, but I will do my best to help.

While there is a Sheraton Hotel in St. Louis, it is in the downtown section and somewhat distant from the hospital. The two closest and nicest motels to the Institute are the Admiral-Benbow Inn, 5120 Oakland Blvd., St. Louis, Mo. and the Bel-Air Motel on 4630 Lindell Blvd., St. Louis, Mo. If you do not wish to make the reservations from Montreal, we will be glad to provide them here.

Sincerely yours,

Max Fink, M.D.
Director
