Professor Fritz Flügel["]
Director, University Nervenlinik
Schwabachanlage 10
Erlangen, Germany

Dear Professor Flügel["]:

Thank you very much for your kind invitation to attend the next meeting of the Deutsche Arbeitsgemeinschaft. I have read the invitation carefully and believe we have a contribution concerning the theme of data processing. I am taking the liberty of enclosing the form with the title of a report "Die Anwendung von Digital Computer Methode in der Psychopharmakologie" which may be of interest to the members of the Society. If at all possible, I will prepare this report in German.

My best regards to Mrs. Flügel["].

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
