Dear Don,

We will be able to begin the additional data analyses suggested next week, as the data cards were shipped from St. Louis to New York on June 27. As soon as the preliminary runs are done, we will call Mike Free.

Thank you for the honorarium for my recent visit. I have assigned this fee to the Psychopharmacology Services, Inc. (IRS #11-2133166). I would appreciate the grant for the studies of the EEG effects of amobarbital and dextroamphetamine in volunteers be addressed to the same fund and sent to my office at 5 East 102nd Street, New York City 10029.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
