Dr. Walter Modell, Editor
Clinical Pharmacology and Therapeutics
Professor of Pharmacology
Cornell University Medical College
1300 York
New York, New York 10021

Dear Dr. Modell:

I am pleased to enclose an original and one xerox copy of our report "Behavioral and EEG Studies of Naloxone in Heroin Dependence" for your consideration for publication in *Clinical Pharmacology and Therapeutics*. While this report describes our experiences with a small number of subjects, we believe the data to be of sufficient interest and timeliness. The studies cannot be extended because supplies of naloxone are not available at present.

Thank you for your consideration.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
