Dear Dr. Eiduson:

Thank you very much for the copy of the "Psychiatric Case History Event System." I have read this with interest and must congratulate you on having done so much in so short a time.

We are actively involved in setting up a psychiatric register and I expect that we will lean heavily on your system.

Again, thank you for thinking of us and I would be grateful for any further communications that may become available.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
