SUBJECT Door between W-117 and W-118

TO Mr. R. H. Chapman DEP'T _____

FROM Max Fink, M. D. DEP'T _____

Last week I spoke to Mr. Wanek and indicated that we need a door between W-117 and W-118 on the nurses' side. Despite the fact that a door will make W-118 smaller, I would like to ask that a door be hung between those rooms. If possible, there should be a lock with the same key as W-117 and W-118.
