

July 30, 1965

Dr. Henry Brill
Director
Pilgrim State Hospital
Box 22
West Brentwood, New York

Dear Henry:

It is with great pleasure that I accept your very kind invitation to participate in the forthcoming CINP Meeting as Co-Chairman for a symposium on Neuropharmacology. I have written to Dr. Bradley and as I have an opportunity to be in Europe this fall, have asked to meet with him in London, if possible, to formulate a program along the stimulating lines suggested in your guidelines.

As I will be vacationing in the Hamptons later on this month, I hope I can have an opportunity to call you and perhaps visit with you as I travel through Long Island.

My best personal regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
