Dear Sam:

Enclosed is a copy of our original levomethadyl protocol (dated 1/1970) and a suggested one for 1972-73, dated 3/31/72. In the latter, I have tried to indicate a possible program of interest to the V.A.

Please feel free to adapt, modify, or use this as you may find useful.

I look forward to seeing you on April 28.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
