Dear Joe:

I would like to say that I enjoyed our reunion very much. I want to thank Barbara and Arnold for having arranged it. Enclosed is my check.

You seemed so interested in polarization that I am taking the liberty of sending you a copy of a reprint from Dr. Lippold from the November issue of the British Journal of Psychiatry. If it interests you, you should see the other articles in the same issue and the letters in subsequent issues.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
