

September 12, 1971

Dr. Thomas Williams  
VA Hospital  
Salt Lake City, Utah

Dear Tom,

I have reserved space at the Dorado Beach Hotel in Puerto Rico for the period April 18 to 21, 1972.

I have not heard from Ottosson, and neither letter has been returned.

As I will be away from September 21 to October 7, I am troubled that I am unable to do much more until then. In our conversation, I recall your saying that you will be East about that time. Please arrange to visit me in New York during the week of October 10. I think one day's work then should get us flying.

Hope you have settled in at Utah. Incidentally, I liked your summary on Depression so much that I am having it distributed to the resident staff. I trust that it is not 'confidential' any longer.

Sincerely yours,

Max Fink, M.D.
