Bernard Lerer, M.D.  
Jerusalem Mental Health Center  
PO Box 140  
Jerusalem, Israel

Dear Beni,

We would be pleased to have Baruch Shapira visit with us on December 5.

Stony Brook is rather far out on Long Island and it would be difficult to get here by train from Queens by 8:30 a.m., in time to work with us in the treatment room. There are other options. When he arrives in New York, have him call me at my office in the morning (516- 444 2929) or at my home in the late afternoon or evening (516- 862 6651). If there is a problem in reaching me, he should ask my secretary to call Larry Greenberg, my associate, and he will be able to make the arrangements. It would be preferable for him to come out Thursday evening, if that is possible, and join us for dinner.

Have a good trip to the U.S. My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
