

April 30, 1971

Dear Walt,

It will be helpful to be able to place Mrs. Heldman on the College payroll. The College will not risk her employment without permission from Immigration. The say, if she is caught, she is deportable.

We will continue to pay her, under the guise of our "ignorance" for a few months, but she should, with your help, make every effort to get the appropriate certificates.

I'll call next week, on my return from Washington.

Keep up the good work.

Sincerely yours,

Max Fink, M.D.
