Dr. John R. B. Whittlesey  
Brain Research Institute  
U.C.L.A. Medical Center  
Los Angeles, California

Dear Dr. Whittlesey:

I have recently read the July, 1963 ACM Communications. A reference to your article on programming the CDC 160-A indicated that you have a catalogue describing the subroutines for either this machine or the 7094. I would appreciate a copy of this catalogue, if it is still available.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M. D.  
Director
