

December 20, 1967

Dr. Joseph G. Bird
Sterling-Winthrop Research Institute
Rensselaer, New York 12144

Dear Joe,

The meetings in Puerto Rico were excellent and the report on cyclazocine was well received.

Dr. Cole did discuss his problems with me and I recognized the difficulties he faces in trying to develop a new program.

I have read the new protocol and it is satisfactory.

My best wishes for the New Year.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
