Dear Dick,

I will be in Oregon on April 10. I will probably attend the sleep meetings in Santa Monica a few days earlier and would like to visit with you, late on April 10 or early on April 11. However, so as not to confuse us again, I would like to wait until the week before and call you.

If your plans are to be in New York at any time in the near future, I would be pleased to see you and do not hesitate to call.

My very best.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
