Dear Jim:

Thank you very much for your invitation to speak to your residents and anesthesiologists regarding the physiology of EST. I will be pleased to visit with you, and shall make the arrangements as soon as I can.

Unfortunately, I am scheduled to be away from these laboratories during the next three weeks. I can set aside some time in the second or third week of April, and will plan to do so. It probably would be best for me to call you during the first week and confirm a date that would be satisfactory for both of us.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
