Dr. Paul H. Blachly
Associate Professor
University of Oregon Medical School
3181 S.W. Sam Jackson Park Road
Portland, Oregon 97201

Dear Paul,

I would be pleased to have you visit and could show you what we are doing at Gracie Square and at Metropolitan Hospital. Because of the organization of our project, in which Dr. Kalinowsky is the consultant, I would ask that you not contact Dr. Impastato to visit our project because this may complicate the relationships.

To meet the staff of the Narcotic Addiction Program, it would be necessary to come during the week and if Wednesday or Friday are available these would be ideal. If this is not possible, I would be glad to meet you on Saturday morning, but I cannot speak for the other members of the staff.

We could visit Gracie Square on either day. Please call me when you know your schedule.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
