Dr. Ferris Pitts  
St. Louis, Missouri

Dear Pete,

The various articles for the ECT issues of Seminars in Psychiatry are in the hands of the publishers. The index and identification notes for the authors are enclosed, and if there is an error, please let me know.

The galley proofs should arrive within 6 weeks, and the issue is due in February.

The publisher is grateful, and will send you a subscription to the journal.

And, finally, I want to thank you for ~~the~~ fine article. I hope the issue is well received, for I know that your report will be. Many thanks.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
