

July 14, 1969

Mr. Denison Ray
Squadron and Plesent
292 Madison Avenue
New York, New York 10017

Dear Mr. Ray:

It was kind of you to bring my attention to the case of the U.S. vs. Finley. Unfortunately, I do not consider myself an expert in marijuana having just begun our studies less than one year ago. I do not have any information which has not been published by others and could do no more than present data which is not from this laboratory.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
