

November 23, 1964

Executive Secretary
1200 Seventeenth St., N.W.
American Psychological Association
Washington, D. C. 20036

Dear Sir:

Since tendering my resignation from the Society on October 28th, I have had occasion to discuss the pros and cons of this action with a number of members of the Association. If the letter of October 28th has not yet been acted upon, I should like to withdraw it and would appreciate the secretary re-submitting the various bills for membership dues.

In event that the resignation has already been acted upon, may I request the secretary recommending any actions that may be possible regarding a reinstatement of this membership.

Sincerely yours,

Max Fink, M.D.
Director
