Dear Mr. Gantner:

Thank you very much for visiting our laboratories last week. Would you kindly send me a complete catalogue of Tektronix amplifiers and equipment? In my visits to other laboratories I found numerous applications of the 122 and the 127 with type "E" plug in.

After I have had a chance to go over the catalogue, I would appreciate a visit from you the next time you are in St. Louis. If at all possible, it would be helpful if we could have two 122 amplifiers on trial to demonstrate the feasibility of such a system for our special operation.

Thank you very much.

Sincerely yours,

Max Fink, M. D.
