Dear Mr. Cuddihy:

About two years ago I presented some data at the Drug Information Association meeting. I was assured that it would be published in a forthcoming issue of the DIA Journal. When I had not heard from Frank Liska, I write to him and in his answer of June 22 he indicated that I would hear from you.

The information presented at that time has already been published elsewhere and I wish to withdraw that report.

Sincerely yours,

Max Fink, M.D.
