Dean William Bryant
University of Missouri
Columbia, Missouri

Dear Dean Bryant:

In reviewing the work sheets dated December 10, 1964 concerning the professional personnel of the new department in St. Louis, I find that we have made some errors in assigning titles to some of the professional staff. When I brought this to Dr. Ulett's attention, he suggested that I bring the corrections to yours. Please correct the professional sheet as follows:

J. Holden, M.D., Instructor in Psychiatry
C. Hickman, Research Associate
B. Korol, Ph.D., Assistant Professor of
Pharmacology
M. Brown, Research Associate in Pharmacology

Sincerely yours,

Max Fink, M.D.
Director
