April 2nd, 1973

Seymour Kety, M.D.,
Professor of Psychiatry,
Harvard Medical School,
Massachusetts General Hospital,
Fruit Street,
Boston, Mass. 02124.

Dear Seymour,

I have met Larry Erlbaum and found him personable, knowledgable, and cooperative. I think it will be a pleasure doing business with him. All the documents but two have been sent to him. Except for the summary for the section on Chemistry, your work for this project is complete.

My best regards.

Sincerely yours,

Max Fink, M.D.
Executive Director
