

December 12, 1975

John R. Bergen, Ph.D.
The Worcester Foundation for
Experimental Biology
Shrewsbury, Massachusetts 01545

Dear John,

I am pleased to nominate Dr. George Heninger for membership in the Society for Biological Psychiatry. I have known of his work for more than ten years and have followed his electrophysiologic studies with interest. He is a capable investigator and has contributed much to our understanding of the electrophysiology of psychoactive drugs.

His curriculum vitae is attached.

I commend him for membership.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
