Mr. Herb Reich  
Ampex Corporation  
2-N-575 York Road, Suite 1-A  
Elmhurst, Illinois

Dear Mr. Reich:

In August when the delivery date of the FR 1300 had not been satisfied, and we asked for the loan of an instrument subject to the contract which we had written with your company, a loaned instrument was shipped to us and later returned. As far as I recollect, we never discussed the charges. It was my opinion that they would be borne by Ampex as the original order had been accepted with a firm delivery date.

We have received this bill and have returned it to your company on at least one occasion. I would appreciate your handling this.

Also, enclosed is a written confirmation of the order for tape telephoned to you March 9th.

Sincerely yours,

Max Fink, M. D.  
Director
