Dear Bill:

I would appreciate one hundred reprints of my contribution "EEG in Human Psychopharmacology" as it appears in your book. I am glad to see that your report will appear soon and hope that your volume has as good a public acceptance as Gil Glaser's.

I look forward to seeing you in New York next week. Thank you for your manuscript, which I have sent to the other participants.

As yet I have not arranged for a place for the luncheon on Saturday, but would appreciate your meeting me at the end of the morning session in the Gamercy Suite at the New York Hilton Hotel, after the presentation by Dr. Ploog.

Sincerely yours,

Max Fink, M. D.  
Professor of Psychiatry
