

ACNP

February 17, 1964

Dr. Keith F. Killam, Jr.
Associate Professor of Pharmacology
Stanford University School of Medicine
Department of Pharmacology
Stanford Medical Center
300 Pasteur Drive
Palo Alto, California

Dear Keith:

Your summary of the ACNP meeting was very good, and I have sent it on to Dr. Rothman.

I most enjoyed the last few pages, in which you outlined the general discussion. Also, I must congratulate you on your summary of the presentation by Dr. K. U. Smith.

My best regards.

Sincerely,

Max Fink, M.D.
Director
