Dr. Dieter Bente
Universitäts-Nervenlinik
Schwabachanlage 10
Erlangen, Germany

Dear Dieter:

Both Turan and I regret very much our inability to join you and our many friends in the meeting in Nuremberg. I know the meetings will be very interesting and we look forward to reading the reports early next year.

It has been more than a month since we spoke in Salzburg about the presentations from this laboratory at the CINP in Birmingham. At that time you had indicated that you would provide a recommendation for these three papers and I am writing now to remind you that we have not yet received a clarification of the status of these reports. Would you please answer me promptly?

I hope your meetings held all the promise which the program provided.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
