

December 1, 1967

Dr. Werner P. Koella  
Senior Scientist  
The Worcester Foundation for Experimental Biology  
Shrewsbury, Massachusetts 01545

Dear Werner,

With reference to the citation in the article "Effect of Anticholinergic Agent, Diethazine on EEG and Behavior: Significance for Theory of Convulsive Therapy" the year is 1958.

I look forward to seeing you in Puerto Rico.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
