Dr. Bernard Saltzberg
Department of Psychiatry
Tulane University School of Medicine
New Orleans, Louisiana

Dear Bernie,

I very much enjoyed our discussions in Denver and I am grateful for your kindness in introducing me to Dick Wexler.

As you know, I am especially interested in the various digital analyses of EEG and would be most grateful for an opportunity to read the report of the Tulane Studies to which you alluded in our discussion.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
